

OUR PRODUCT RANGE

1. Organic Pigments	All types of Organic, Azo, Phthalocyanine, toners Fanal toners, High Performance Pigments
2. Inorganic Pigments	All types of Chromes, Chrome Oxides for Paint, Inks and Plastic
3. Pre-dispersed Pigmented Chips	Pre-dispersed Pigmented Chips with Binders like NC , PA , Acrylic, PVB with and without Plasticizer for Printing Ink, Paint, Coatings
4. Titanium Dioxide	Rutile and Anatase grades for Paint, Printing Inks, Plastic & Paper
5. Carbon Black	N series for News Inks, flexo and gravure Inks and Paint
6. Dyes	All types of Solvent , Acid , Basic and Vat dyes
7. Pigment Extender	Calcined Kaoline, CaCO ₃ , BaSO ₄ etc
8. Aluminium Paste	Leafing and Non Leafing Paste for Paint , Ink and Plastic
9. Pearlescent Pigments	All types for Printing Inks, Paint, Coatings, Cosmetic and Ceramic
10. Ethoxylates	Non Ionic & Anionic Surfactants
11. Resins	
Industrial Nitrocellulose	RS & SS grades in IPA , Ethanol , Butanol and Water Damp
Polyamide	Alcohol Soluble and Co-solvent grades
Polyurethane	Surkopak and Surkofilm series of BIP UK
Acrylic	Resin & Emulsion for Flexographic Ink
Ketonic	ABC 801,ABC 1001, ABC 1181 & ABC 1231
Maleic	Oil and Spirit Soluble for Printing Inks, Wood Coating and Paint
Hydrocarbon	C 5 and C 9 type for Road Marking, Paint , Adhesive and Ink
Alkyd Resin	All types of Long Oil , Short Oil and Medium Oil for Ink and Paint
Amino Resin	Melamine and Urea Formaldehyde for Coating and Paint
Polyvinyl Butyral	Abpol 16 , Abpol 18 , Abpol 30 and Abpol 60
Phenolic	Pure and Modified for Printing Inks
Vinyl Resin	Vinyl acetate and Vinyl Co-polymer type for Printing Inks and coatings
Hydrocarbon Distillates	Aliphatic & Aromatic distillates with various distillation Range
Chlorinated Polypropylene	Various grades for Printing inks and Paints
Chlorinated EVA	Various grades for Printing Inks
Polyester	All types of Saturated & Unsaturated for Paint and Coatings
12. Plasticizers	All types of Phthalate and Food grades like ATBC & Sulphonamide
13. Adhesion Promoters	Organic Titanate for Adhesion and high Heat Stability for Inks.
14. Resin Raw Materials	Pentaerythritol, Phthalic Anhydride , Maleic Anhydride , Glycerine , SOFA, COFA , Dimer Acid , NPG , Benzoic Acid ,Gum Rosin ,Adipic Acid , Melamine , Fumaric Acid etc.
15. Packaging Materials	All types of Substrates like BOPP, PET, Aluminium foil , CPP , Solvents , Blanket wash , Coated Paper , Zipper Tapes, Blankets etc.
